

Resident Use of Modification Request Forms

The Architectural Control Committee (ACC) and the Board of Directors has approved a revised Modification Request (MR) form for use by The Shores residents.

You may obtain copies, when needed, from the Community website www.theshoresatnaples.com/documents/, "Here is the ACC application for general changes" [Download](#), or from the folder on the front of the Library door in the Clubhouse, or by contacting Anchor Associates.

The MR forms are designed to help you identify ALL the items that must be included with your application when it is submitted for review. Applications that are **missing items** will cause the MR application **to be rejected** because it is incomplete.

For example, some Modification Request require samples of roof tiles to be submitted with the application or you may substitute a brochure that includes the exact tile that will be used in a roof replacement. Color chart samples for exterior painting would be needed. Photos and diagrams are necessary in the case of tree removals or plantings. Whenever a contractor, landscaper, or other hired assistance is involved, you must attach a copy of both their license and insurance certificates to the application. It is important to pay particular attention to the details of the improvement being detailed in MRs and what additional items must be included when you submit the application to Anchor Assoc.

The Documents page of the website contains the Guidelines documents that are available for downloading to help understand what is needed for different modifications.

Remember, only **properly completed** MR applications submitted to Anchor Associates **will be forwarded** to the ACC for their recommendation to the Board of Directors.

Thank you for your attention and cooperation when submitting Modification Requests.

THESE ARE THE REQUIREMENTS FOR INSTALLATION AND MUST BE FOLLOWED

1. Tiles are to be feathered together at the meeting point of the villa mate's roof and the new roof.
2. No new ridge shall be created where the new half roof meets the old half roof.
3. The new tile color must match the villa mate's existing roof.
4. The new tile material must match the villa mate's existing roof.
5. The new tile form, shape, and size must match the villa mate's existing roof.
6. If the villa garage doors are side by side, the new roof must be installed to extend over both garage doors.

ACKNOWLEDGMENT OF CONTRACTOR

I have read the installation requirements above and agree to follow them.
